EXPERIENCE

Software Engineer

Nexsign Global

- 07/2024 - Present Anuradhapura
- Built and deployed multiple web systems and software solutions using PHP Laravel for diverse local and international clients across various industries
 - Successfully delivered 15+ projects collaboratively within a team and 5+ projects independently, all completed on time and meeting client requirements
 - Implemented API development and integrated various third-party services across all projects to enhance functionality and improve user experience
 - Ensured high-quality, scalable, and maintainable code while optimizing backend performance and database efficiency
 - Actively engaged in the full software development life cycle (SDLC), from requirements gathering to deployment and post-launch support

Intern Laravel Instructor

LNBTI campus

- 07/2023 - 07/2024 Maharagama
- Trained 150+ students in Laravel fundamentals through hands-on sessions and mini-projects, covering routing, controllers, migrations, and Eloquent ORM
 - Conducted weekly coding labs and resolved real-time project issues, boosting students' confidence and debugging skills
 - Developed step-by-step documentation, sample projects, and coding challenges to simplify middleware, authentication, and REST API concepts

EDUCATION

B.Sc. in Computer Science, Mathematics & Statistics

University of Jaffna

06/2019 - 04/2023 Jaffna, Sri Lanka

Diploma In Web Development(PHP)

Walton International Campus

- 01/2024 - 12/2024 Kandy, Sri Lanka
- Server-side data management and back-end development using PHP for real-world projects

SUMMARY

Full-stack software engineer specializing in PHP Laravel and Vue.js with 2 years of experience delivering scalable web applications and RESTful APIs. Demonstrated ability to develop maintainable, high-performance code while integrating third-party services and optimizing databases. Proven success working within agile teams to meet deadlines and adapt rapidly to evolving technologies in dynamic environments.

LANGUAGES

English
Proficient

SKILLS

Laravel	PHP	Inertia	Vue 3
Blade	TailwindCSS		Bootstrap
HTML	CSS	SEO	JavaScript
Software Architecture			
Advanced Debugging			MySQL
REST APIs		POSTMAN	
Third-Party Integrations			Git
CI/CD	Clickup	UI/UX	SCSS
API Development			
Backend Performance Optimization			
Database Efficiency Optimization			
Software Development Life Cycle			
Middleware		Authentication	
REST API Concepts			
Team Collaboration			
Time Management		Problem Solving
